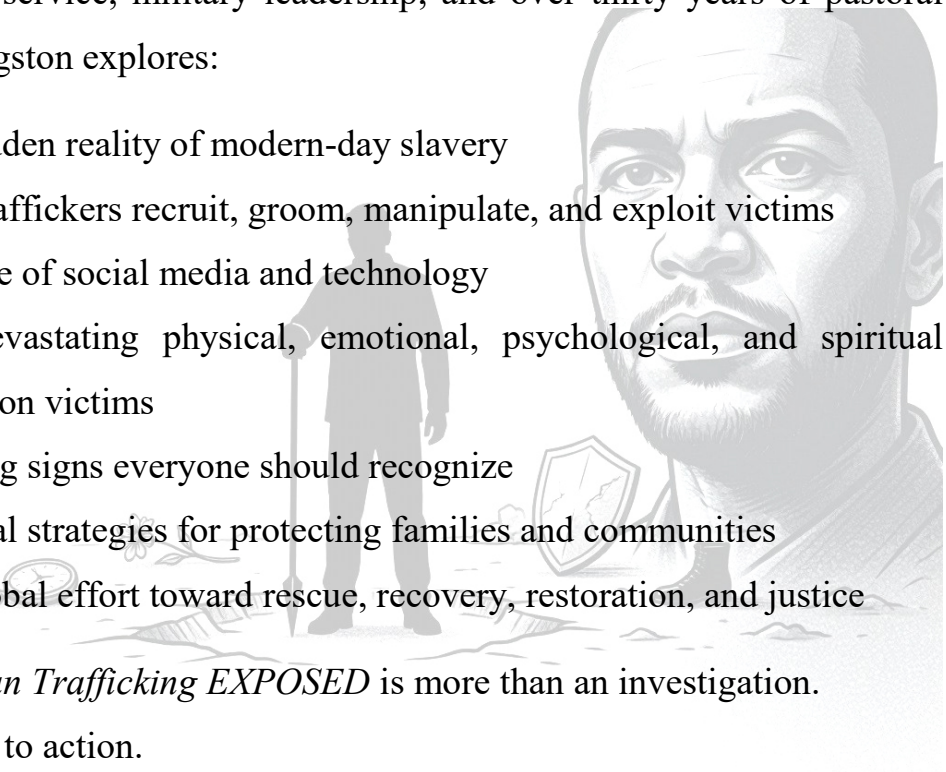
Virginia Beach, VA [July 5, 2026: 5:48pm (EST) — What if the greatest humanitarian crisis of our time was hiding in plain sight?

In his powerful new release, *Human Trafficking EXPOSED: The Battle Against Modern-Day Slavery: Rescue, Recovery, and Justice,* retired United States Navy officer, pastor, missionary, humanitarian, and bestselling author **James Langston** confronts one of the most disturbing realities of the modern world: the buying, selling, exploitation, and destruction of human lives for profit. Available in **paperback, hardcover, and Kindle eBook**, *Human Trafficking EXPOSED* presents a

comprehensive, compassionate, and unflinching examination of the global human trafficking epidemic and the fight to stop it.

"Human trafficking survives in silence. Awareness creates understanding. Understanding creates action. Action creates opportunities for rescue, recovery, and justice." — James Langston

Drawing upon extensive research, decades of counseling experience, humanitarian service, military leadership, and over thirty years of pastoral ministry, Langston explores:



- The hidden reality of modern-day slavery
- How traffickers recruit, groom, manipulate, and exploit victims
- The role of social media and technology
- The devastating physical, emotional, psychological, and spiritual impact on victims
- Warning signs everyone should recognize
- Practical strategies for protecting families and communities
- The global effort toward rescue, recovery, restoration, and justice

But *Human Trafficking EXPOSED* is more than an investigation.

It is a call to action.

Throughout his twenty-seven years in the United States Navy and thirty-four years in pastoral ministry, Langston has ministered to individuals and families confronting suicide, addiction, abuse, violence, broken homes, missing children, and unimaginable tragedy. Those experiences shaped his conviction that every human life possesses immeasurable value and that silence in the face of injustice is never an option.

“Every victim deserves compassion. Every survivor deserves hope. Every trafficker deserves justice. And every human life possesses immeasurable value.”

Written for parents, grandparents, educators, pastors, law enforcement personnel, healthcare professionals, students, advocates, and concerned citizens, *Human Trafficking EXPOSED* challenges readers not merely to understand the problem, but to become part of the solution.

Because one informed person can save a life.

One voice can make a difference.

And one soul is always worth the effort.
